

# Patient Access Center Accelerator

Pre-built integration with 75+ EHRs

## SOLUTION OVERVIEW

Digitize patient access and execute service processes with a connected patient experience. This solution combines relevant patient data into a single view to connect patients to the right care via bi-directional integration.

- ✓ Improve patient experience
- ✓ Give agents instant access to key information with a bi-directional EHR integration
- ✓ Intuitive patient search
- ✓ Produce actionable analytics
- ✓ Intuitive patient prospect management with activity tracking
